It may be noted that bid submission against this tender shall be allowed only to those bidders who have paid the requisite document fee.

## Downloading of Document

Bidders who have paid the requisite document fee will be able to download the tender document through the link 'Download Tender Document'. For this the bidder shall need to login and click on the above link.

## Stage I Bid Submission (e-tender)

This stage will comprise of (i) online submission of the Technical Bid and the Financial Bid to the extent of the Price Offer; and (ii) offline submission of certain original documents as mentioned in the tender document.

### (i) Online submission of technical bid with Price Bid with supporting documents.

This stage shall be open to all Bidders who have purchased the Tender Document(s) for the specific coal mine(s). In this process, the Bidder, after logging in to the above stated website, will have to click on the link "AUC Floor Manager". Thereafter the bidder has to click on Live Events and then on the e-tender number. The Bidder will be directed to a screen where it can fill up the technical bid template and save the data. The Bidder can edit such data as many times as it wishes till the final submission is made by clicking the "Final Submission" button.

After saving the Technical Bid, the link / button for Price Bid (button named 'Price Bid') shall get activated. The Bidder, on clicking this button, will be directed to a screen having a template where it can fill up its Price Bid and save the same. The Bidder can edit such data as many times as it wishes till the final submission is made by clicking the "Final Submission" button.

The final submission of Technical Bid and the Price Bid shall be digitally signed by the Bidder using the digital signature which was used at the time of registration. Any digital signature certificate other than the above shall not be acceptable for bid submission by the system.

**The bidder may note that the "Final Submission" button for both Technical Bid and Price Bid is common and will be activated only after both the Technical Bid and the Price Bid have been saved.**

### **Upload documents**

The Bidder shall also have to upload the supporting documents along with the Technical Bid, as required under the Tender Document. These supporting documents will need to be uploaded in pdf format only (the file size should be limited to 4 MB; in case of larger files, they may be split into multiple files with suitable nomenclature). Files in formats other than pdf shall not be accepted. For this, the bidder shall first click on the link "Upload documents" and upload the files in support of its Technical Bid.

### **Attach documents**

After uploading these documents, the bidder shall have to attach them with the specific mine(s) for which it is intending to submit the Technical Bid. It may be noted by the Bidder that in case it intends to use the same supporting document for more than one mine, it does not need to upload the same document every time. The supporting document, once uploaded, can be attached with Technical Bid for multiple mine(s), if desired.

*The bidder should note that only a file which is "attached" with a specific e-tender shall be considered during opening / evaluation of the Technical Bid. Files which are not attached to any e-tender shall not be considered for evaluation.*

*The Bidder should also note that a Bid will be considered as submitted if and only if the Bidder has clicked on the "Final Submission" button. Only such Bids will be opened which have been finally submitted. It is further clarified that saving of Technical Bid and the Price Bid without final submission will be treated as non submission of bid.*

Upon successful final submission, the Bidder shall receive a bid acknowledgement from the system automatically.

The Bidders may note that the Technical Bid and the Price Bid submitted online as above will be encrypted by the MSTC's own software before storage in the database. This will be done to protect the sanctity and confidentiality of the Bids before the actual opening of the same.

## **Delete / Modification/ Withdrawal of bid**

If after final submission of Bid and before the scheduled closing time for Bid submission a Bidder wishes to make changes in its Bid, it can do so by clicking the “Delete Bid” option. By doing so, the entire Bid submitted by the Bidder will get deleted. A system generated email will be sent to the Bidder acknowledging the deletion. The Bidder will be able to save and submit its new Bid again. If a Bidder deletes its Bid and does not submit its new Bid in the same manner as stated above, its Bid will not come up for opening or further processing.

If after final submission of Bid and before the scheduled closing time for Bid submission a Bidder wishes to withdraw its bid, it can do so by clicking the “Withdraw Bid” option. By withdrawing a bid, a Bidder will lose the opportunity to re-submit its Bid against the same mine(s).

The bidders shall also note that online submission of **Technical Bid and the Price Bid** with supporting documents and offline submission of certain original documents shall be allowed only up to closing time of online bid submission. Bidders in their own interest are advised to complete the entire process well in advance to avoid any last minute hiccup / technical problems. No complaints shall be entertained in this regard at any stage.

### **About Digital Signature Certificate**

A Bidder shall be required to possess a valid Digital Signature Certificate (DSC) of signing type to be able to submit its Bid and to participate in the electronic auction on MSTC’s website. For this purpose, Bidders shall be required to authorize its Authorized Signatory to procure a class III DSC of signing type from any Certifying Authority or their authorized agencies in India.

The bidder may note that only one user id will be mapped with a given DSC for the Authorized Representative. DSC once mapped with a particular user id of a bidder will normally not be changed and therefore bidders are advised to carefully select the DSC before forwarding the same to MSTC Limited for mapping.

The Digital Signature Certificate will be used to digitally sign the Bids that the Bidder will submit online.

It will be the sole responsibility of the Bidder and its respective Authorized Representative to maintain the secrecy of the password for the Digital Signature Certificate. The Bidder and its contact person shall be solely responsible for any misuse of the DSC and no complain / representation in this regard shall be entertained at any stage by MSTC Limited / Nominated Authority.
